### BUR Ministry Highlights this Year (incl End of 2017)

**Tim had a successful trip to Turkey & Greece in Oct/Nov 2017.** He went with his (online) guitar student, a mature & gifted young man who works at the US patent office in DC. The purpose was to lead worship, teach (and help bring encouragement to Pastor Andrew's wife and the Izmir community). It started with a week long prayer retreat near Ephesus, including praying at all 7 churches on site (Rev 2,3). The corporate breakthrough was supernatural (as if an ancient door reopened). The trip culminated at a 24/7 Burn (running for 30 days) in Athens. For 4 days they helped to lead & train in worship.

**Brock Family Florida Ministry Trip (2017 ThanksGiving Tour)** was an amazing family reunion as we played together at our sending church, Christian Retreat (Bradenton), Sovereign Lord Fellowship (Winter Park), Penney Farms Intercessory Luncheon and at a special home gathering at the Ulrichs (Long-term friends St Pete). The Spirit fell in a unique way in each gathering and our hearts knit in Christ even closer!

**Samuel applied for a grant to teach music (for 1 year) to Jewish & Arab Israelis**, after graduating from Belmont University in May. He was not awarded the grant, but the musicianary plan he created was funded in part by faithful BUR partners, enabling him to fulfill the core service of the plan for 2 months (based at Succat Hallel in Jerusalem, Aug-Sept). The service included a week in Turkey, teaching his online students (whom he had not seen since 2013) and conducting Harp & Bowl workshops with their families. He also was part of the leadership team that spearheaded the Dor Haba Music & Worship Mini-Camp in Bethlehem (incl followup training in Nazareth).

**Called to the Great Northwest! (July 4—15)** Our entire family was initially invited to be part of an Amish family worship camp in Libby, Montana, but, the scope of ministry expanded to include Native Americans on our cross-country return. At the Amish Family Camp (Eagle Valley) we ministered in worship and teaching and were privileged to close out the camp with the final set before embarking on a 3 day back-packing trip in the “Cabinets” (Montana Mountains). The Lord bonded our hearts with this precious community of Spirit-filled Amish who have set themselves as a bridge to other Amish families seeking to come out of the legalism and bondage that hold many sincere “traditional” families.

Then suddenly the Lord opened an opportunity (through a pastor-friend of our sons) to join a Native American march in one of the poorest Indian reservations in the NW—Pine Ridge (near Wounded Knee) in South Dakota. A strategic core of Native American intercessors held a series of camp meetings that included a musical march through the downtown streets of Pine Ridge. It featured an ancient Indian “revival” drum that we eventually “synced” up with as we joined with our violins and guitar—the anointing fell as we found new indigenous friends! The last stop was to minister at this pastor’s (River Hills) church in Chamberlain, SD. After hosting us and asking us to lead worship and share, he gave us an open invitation to tour the “Best of the West”—the NW Indian reservations that he is in relationship with—as the Holy Spirit directs. We are praying into this new development/invitation. The message (“Turning & Giving All”) that I gave at his Church can be heard at [www. brocksupperroom.org](http://www.brocksupperroom.org)

**U.S. & Middle East (ME) Prayer Watches:** ME outreach opportunities continue through prayer and giving as we host weekly small group worship & prayer with ME, Egyptian & Chinese believers. This includes monthly gatherings that give opportunity to sow into

the Isaiah 19 Highway! Tim also continues to play weekly on an Arabic Team at the All Nations Prayer Room (IHOPU) and bi-monthly at the (Kirk Bennett) Seer Labs (IHOPU).
