

Worship/Outreach at Abraham's tomb in Hebron, Israel (On the Palestinian border)

We're Back! Thank you for your incredible support and prayer cover. We went and did things that were only possible through your prayers and financial gifts. We have the assurance that God continues to work in all the places that we worshipped & trained.

After 9 months out, in 11 countries, we're now getting re-oriented with the younger boys in a new school and schedule. Samuel is taking a another year to get ready for college.

On August 20th, Melody's mom went peacefully to be with Jesus. She was 89. We joined family and friends to celebrate her life on Aug 26th. She was a gifted educator and gave Melody a love for classical music. She modeled a disciplined life in prayer & intercession. Until her final year, she and Melody were praying over the phone every day for almost 2 years. (As many of you know, she took a bad fall while we were abroad, but regained strength to see us all in June. Melody was able to spend almost 2 weeks of quality time with her upon our return).

We will be sending you a full update & report over the coming months and ask for your continued prayers and support as we take time to rest and reset for the next season.

What's Next? We have even greater zeal for training young worshippers in dark lands, helping to establish a "highway" for His return. In the coming year, like special forces, we see short training intensives in strategic places. (Possibly returning to the Middle East by June 2014)

Please pray for additional partners as we re-tool and resume local worship, prayer & training. Thank you again!!

Love, Tim, Melody, Samuel, John, Stephen & Joseph
